6
key root causes
of mild to
moderate acne:

- Hormones
- Stress
- Microbiome
- Immune function
- Metabolism
- Lifestyle

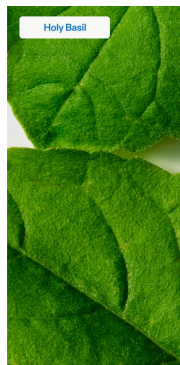

Hormones

How skin may be impacted:

Jawline and neck breakouts, more acne around your period or other hormonal fluctuations.

How Nutrafol Skin targets it:

Maca is formulated to accompany Selenium, which targets normal hormonal fluctuations.

Stress

How skin may be impacted:

Acute breakouts, with red and irritated skin.

How Nutrafol Skin targets it:

Holy Basil balances the body's response to daily stress as a root cause of acne.

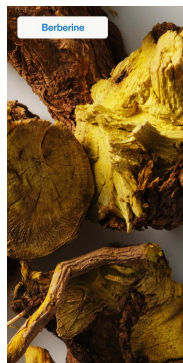

Immune function

How skin may be impacted:

Acne on your face, but also chest and/or back.

How Nutrafol Skin targets it:

Curcumin, extracted from Turmeric, promotes a healthy immune response.

Metabolism

How skin may be impacted:

More whiteheads and dull, dry, irritated skin.

How Nutrafol Skin targets it:

Berberine balances metabolism as a root cause of acne.

Lifestyle

How skin may be impacted:

Acne on your cheeks and irritated, dry, dull skin.

How Nutrafol Skin targets it:

Sicilian Orange, Olive Extract, and Lycopene help target free radicals for smoother skin.
